Vol. 71, Issue 8 March, 2016

## Greetings from the dean

Hello AGO Friends!

We have had a busy couple of weeks, starting with our winter potluck social on February 26th when Don Seevers hosted us at Tates Creek Christian Church. Scott Heydinger made all the arrangements to bring our “member from Down Under” John Linker to us via Skype. Those in attendance enjoyed seeing John once again, and hearing him play some Buxtehude on the large Rodgers organ at the Transitional “Cardboard” Cathedral in Christchurch, New Zealand. (When Christchurch was hit with a devastating earthquake in 2011, the Episcopal cathedral for which the city is named was heavily damaged. The Cardboard Cathedral was built to last for 50 years, and gets its name from the heavy cardboard tubing that makes up a large portion of the support structure of the sanctuary.) John took us on a tour of the cathedral and choir rehearsal space and offices, and told us lots of interesting history. It was a warm Saturday afternoon in Christchurch, with a temperature of 32 C. Scott remarked that it was also 32 in Lexington, only we were a bit colder! We miss having you in Lexington, John, but are happy to see that you are so well-settled in such a beautiful country.

Only a week later, we convened at Second Presbyterian Church where Martha and Gary Anderson hosted our members’ recital. The seven members who played showcased the 1929 E.M. Skinner with its relatively new Buzard console to perfection. We heard selections by Bridge, Guilmant, Pinkham, and Whitlock, to name but a few. Quite a few townspeople attended, so we were able to let others know about the Guild and also get our Pipe Organ Encounter brochures into more hands.

The deadline for Early-Bird Registration for the Pipe Organ Encounter is at the end of this month, so now is the time to really promote it to any young (ages 13-18) pianists/organists you know. Please help us fill our twenty spaces by spreading the word. If you need brochures, we can get them to you! Zach has more information on the POE elsewhere in this newsletter.

We’re coming into our busy season of preparation for Holy Week and Easter. Here’s wishing you all some time to stop and smell the hyacinths.

Happy Easter!

Jane

## POE Update: Calling All Students

Dear AGO Friends,

With the weather warming up this week and daylight savings time ending this Sunday, it is not too early to urge the young musicians you know to register for our POE! Our early-bird registration deadline (April 1) is fast approaching, and we'd love to fill our 20-student capacity by then. Let's do it!

A couple things to remember . . . our POE is for:

- students ages 13-18
- young pianists/organists (no prior organ experience necessary - pianists more than welcome!)
- folks who are eager to learn about the organ and enjoy a fun week in Lexington

The POE Committee has been hard at work on many details for next July, but now it's time to add that "personal touch" to the young folks that you are familiar with. So . . .

- Who do you know that would benefit from our POE? Consider calling them and telling them about it.
- Do you know piano teachers in the area that might have students? Please explain to them that this isn't about "taking" their students away from the piano, but rather introducing them to the world of the pipe organ. The two can coexist!
- What adults are you in contact with that support the organ/choral/church music profession and might know young people who are interested? Consider sending a note to your church choirs or other music program supporters at your church. Perhaps some of these folks have children, grandchildren, nieces/nephews, family friends, etc. that would like to attend our POE, then spend time with them in Lexington next summer.

A few talking/sales points:

- No prior organ experience necessary; pianists more than welcome!
- Tuition fee (\$450 by April 1) is all inclusive --- lodging, meals, transportation throughout the week, lessons, a year of free membership in the AGO, etc.
- The students will be exposed – and able to play – some of Lexington's finest pipe organs.

- The students will learn from teachers renowned for their teaching/performing activity around the country. Many opportunities for lots of fun and making new friends.
- Have they ever heard of a carillon? We'll take a trip to Berea College to hear and learn about that instrument.
- Direct them to our website at: [www.lexingtonago2016.org](http://www.lexingtonago2016.org)
- Etc! Really talk it up!

Of course, I'm happy to answer any questions you have.

I look forward to meeting the young people that you are helping us recruit!

## POE Isn't Just for Kids

On July 10-14, 2016, the Harrisburg Chapter is hosting the only POE+ in the nation at the beautiful campus of Messiah College, Grantham, PA. The event offers organ training from beginners to advanced for students 19 and older who are interested in developing and improving their service-playing abilities. We welcome pianists who want to learn the basics of organ playing. This is an important endeavor to help organists refine their skills and inspire them to become well-trained church organists.

We ask that you help us advertise this event with your chapter members in your newsletter. Any word you can get to piano teachers in your area is also helpful. Information with details about costs, housing, faculty, churches and organs is available at [www.harrisburgago.org](http://www.harrisburgago.org) or [www.agohq.org](http://www.agohq.org). Applications are exclusively online this year. Payment, however, must be sent to the Harrisburg Chapter registrar (address on separate payment form). The deadline for early registration is April 1 (price reduced) and the deadline for regular registration is May 1st.

# Johannus proudly presents: The new Ecclesia.

The impressive Ecclesia series is Johannus at its very best. This digital church organ available in four different models is affordably priced, it is powerful enough to accompany congregational singing, and it can be adapted to to comply fully with your own individual needs.
